Getting started with SaaSTech Servers

Create your free account before contacting support. Keep the detachable record private.

1 Create or sign in to your account

Use an email you can access and follow the secure account prompts. No purchase is required.

2 Keep your customer number and call-in PIN ready

Support may ask for both during a call you initiated through verified Contact Us.

3 Enable two-step verification

Have your registered phone or authenticator device with you when calling SaaSTech Servers; you may need it to sign in or verify the account yourself.

Create My Account | saastech.net/create-account

Contact Us	Account Learning Centre	Delegate access playlist

On Contact Us, check your language/region and currency settings, then use the local contact number shown there.

The Account Learning Centre covers setup and delegation for Website Builder and other services. Choose Work with delegates.

Cut or tear out the card below before sharing this workbook

Update your call-in PIN at pin.saastech.net or in My Account after signing in.

Never share your account password or call-in PIN with someone helping manage your services. Each helper should create their own SaaSTech Servers account and receive only the delegated permissions they need. Review purchase/payment and account-security permissions carefully.

For official support, give the call-in PIN only during a call you initiated through verified Contact Us. Never share passwords, sign-in verification codes or recovery codes.

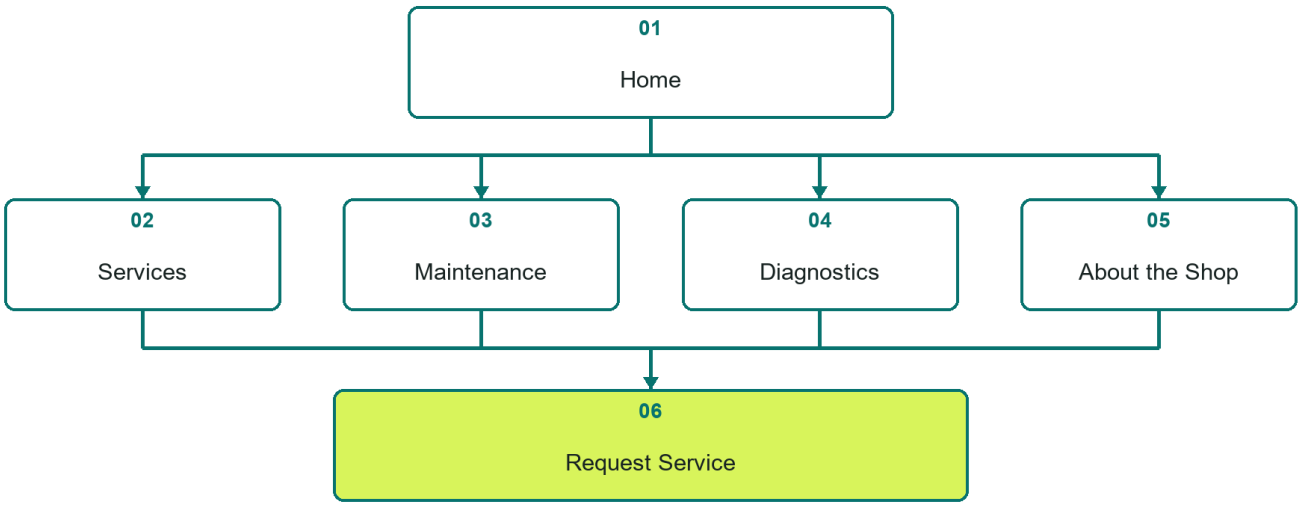

Do not record passwords, verification/recovery codes, security answers or payment details here. Keep this card safe and cut or tear it out before sharing the workbook.

Use a secure password manager for passwords and recovery information.

WEBSITE PLANNING WORKSHOP

Mechanics & Auto Repair Shops Website workbook

Plan a clear website for mechanics & auto repair shops. Explore a worked example, shape your own message and prepare to build with SaaSTech Servers.

Your recommended pages at a glance

Inside this workbook

Six page examples • Practical writing exercises • A launch review

Use it in a workshop or at your own pace. Write by hand or complete the response fields in Word. The final page links to Website Builder, plans and account signup.

Example business Prairie Gear Auto Care

MECHANICS & AUTO REPAIR SHOPS

Your website brief

A SaaSTech Servers workshop for mechanics & auto repair shops. Plan your website, learn from the Prairie Gear Auto Care example and draft content for your own business.

Each page has a reference sheet followed by a writing sheet. Demo excerpts are labelled separately from new sample wording, which may differ from the screenshot. Click a blank response line to type; longer answers may add pages. Replace fictional details and verify every claim before publishing.

Your business or organization and workshop date

Who should visit your site and what do they need

The main action you want a visitor to take

What you offer and where or how you provide it

Facts photos and permissions to gather before publishing

Workshop rhythm: review the example, write your draft and exchange feedback. Use the final review to choose your next changes. Website Builder and account links are on the last page.

Home

The job of this page

Introduce the shop, actual location, vehicles accepted and one clear service-request action. Show a mechanic and the real working environment.

Sample wording to adapt

A clear next step for your vehicle

Explore maintenance, repair and diagnostic enquiries. Tell us about your vehicle and the change you have noticed. The shop will discuss assessment and an estimate before any work is agreed.

Pause and plan

Could a first-time visitor explain what you do and who it is for after one glance? Choose one main action and the strongest truthful detail that gives them confidence to continue.

WRITE YOUR PAGE

Home

Write for your visitor. Be specific about what they need to know and what happens next. You can revise the wording after the workshop.

Services

The job of this page

Group the work actually offered, such as brakes, tires, steering and suspension. Explain that inspection comes before a firm repair recommendation or estimate.

Sample wording to adapt

Vehicle service explained clearly

Tell us the vehicle model, mileage and work or concern you want assessed. We will discuss the findings and estimate before any additional work is agreed. A service enquiry is not repair authorization.

Pause and plan

Who is each option for, what does it include and where are its limits? Describe the information needed to check fit. Make the next step clear without promising an outcome before assessment.

Maintenance

The job of this page

Explain routine oil and filter service, seasonal checks and maintenance planning. Refer drivers to their vehicle's service schedule instead of universal mileage promises.

Sample wording to adapt

Maintenance that fits your vehicle

Bring the service history and describe how you use the vehicle. Ask the shop which items need attention now and what can be planned for a later visit. Confirm the scope and estimate first.

Pause and plan

What question brings a visitor to this page? List the details they need, the evidence you can provide and the next useful action. Remove content that does not help them decide or proceed.

Get to know the shop

Learn how the team explains findings, agrees estimates and keeps you informed. Ask about verified qualifications and the work the shop undertakes. This example does not claim real certifications or customer reviews.

Pause and plan

Which names, roles and qualifications can you verify? What would help a visitor feel comfortable contacting you? Obtain permission for portraits and describe actual experience without unsupported claims.

Request Service

The job of this page

Ask for contact details, vehicle year, make and model, approximate mileage, requested work or symptoms, preferred timing and whether the vehicle can be brought in. State that staff must confirm the appointment and estimate.

Prairie Gear Auto Care example | Explore SaaSTech Servers Website Builder

Sample wording to adapt

Request vehicle service

Include your vehicle details, the work or symptoms you have noticed and your preferred timing. The shop will confirm the assessment arrangements separately. Do not use a routine enquiry for an immediate roadside emergency.

Pause and plan

What must someone provide, and what happens after they send it? Separate a request from a confirmed booking, order or place. Decide what information should stay out of a public form.

WORKSHOP CLOSE

Review and next steps

Ask a partner to read your draft as a first-time visitor. Can they explain what you offer, who it is for and the next step without extra help?

Before you publish

[ ] Every page has a clear purpose and a useful next step.

[ ] Headlines are specific and the wording sounds like your business.

[ ] Names, service areas, prices, dates and policies have been checked.

[ ] Credentials, testimonials and results are genuine and permission-cleared.

[ ] Photos support the text, do not repeat needlessly and have appropriate permissions.

[ ] Forms ask only for necessary information and explain what happens next.

[ ] Links, downloads and the main visitor task work on a phone.

The most useful feedback from your workshop partner

First change to make and who will do it

Information or photographs still needed

Target review date and who will approve the final content

Keep sensitive customer, patient, employee and payment information out of this workbook. Completing it does not publish a website or connect to Website Builder.

BUILD WITH SAASTECH SERVERS

Put your draft into Website Builder
