Getting started with SaaSTech Servers

Create your free account before contacting support. Keep the detachable record private.

1 Create or sign in to your account

Use an email you can access and follow the secure account prompts. No purchase is required.

2 Keep your customer number and call-in PIN ready

Support may ask for both during a call you initiated through verified Contact Us.

3 Enable two-step verification

Have your registered phone or authenticator device with you when calling SaaSTech Servers; you may need it to sign in or verify the account yourself.

Create My Account | saastech.net/create-account

Contact Us	Account Learning Centre	Delegate access playlist

On Contact Us, check your language/region and currency settings, then use the local contact number shown there.

The Account Learning Centre covers setup and delegation for Website Builder and other services. Choose Work with delegates.

Cut or tear out the card below before sharing this workbook

PRIVATE account reference and call-in authentication

Organization or name _____

Account sign-in email _____

Customer number _____

Call-in PIN _____

Domain names _____

Reviewed on _____

Update your call-in PIN at pin.saastech.net or in My Account after signing in.

Never share your account password or call-in PIN with someone helping manage your services. Each helper should create their own SaaSTech Servers account and receive only the delegated permissions they need. Review purchase/payment and account-security permissions carefully.

For official support, give the call-in PIN only during a call you initiated through verified Contact Us. Never share passwords, sign-in verification codes or recovery codes.

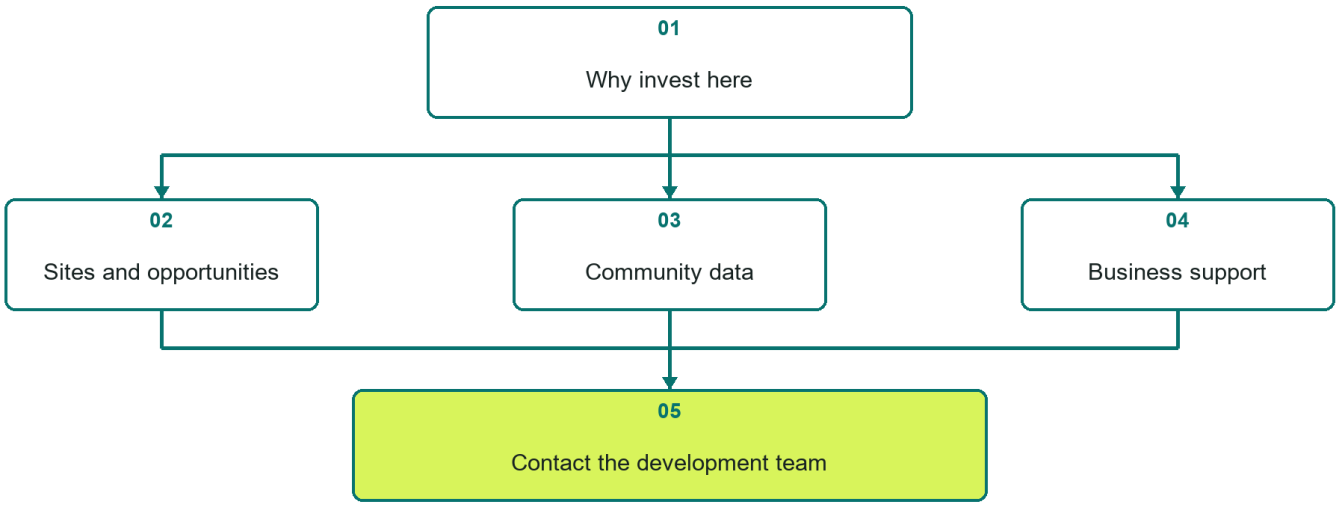

Do not record passwords, verification/recovery codes, security answers or payment details here. Keep this card safe and cut or tear it out before sharing the workbook.

Use a secure password manager for passwords and recovery information.

WEBSITE PLANNING WORKSHOP

Economic Development Website workbook

Plan a clear website for economic development. Explore a worked example, shape your own message and prepare to build with SaaSTech Servers.

Your recommended pages at a glance

Inside this workbook

Five page examples • Practical writing exercises • A launch review

Use it in a workshop or at your own pace. Write by hand or complete the response fields in Word. The final page links to Website Builder, plans and account signup.

Example business Prairie Horizon Development Alliance

ECONOMIC DEVELOPMENT

Your website brief

A SaaSTech Servers workshop for economic development. Plan your website, learn from the Prairie Horizon Development Alliance example and draft content for your own business.

Each page has a reference sheet followed by a writing sheet. Demo excerpts are labelled separately from new sample wording, which may differ from the screenshot. Click a blank response line to type; longer answers may add pages. Replace fictional details and verify every claim before publishing.

Your business or organization and workshop date

Who should visit your site and what do they need

The main action you want a visitor to take

What you offer and where or how you provide it

Facts photos and permissions to gather before publishing

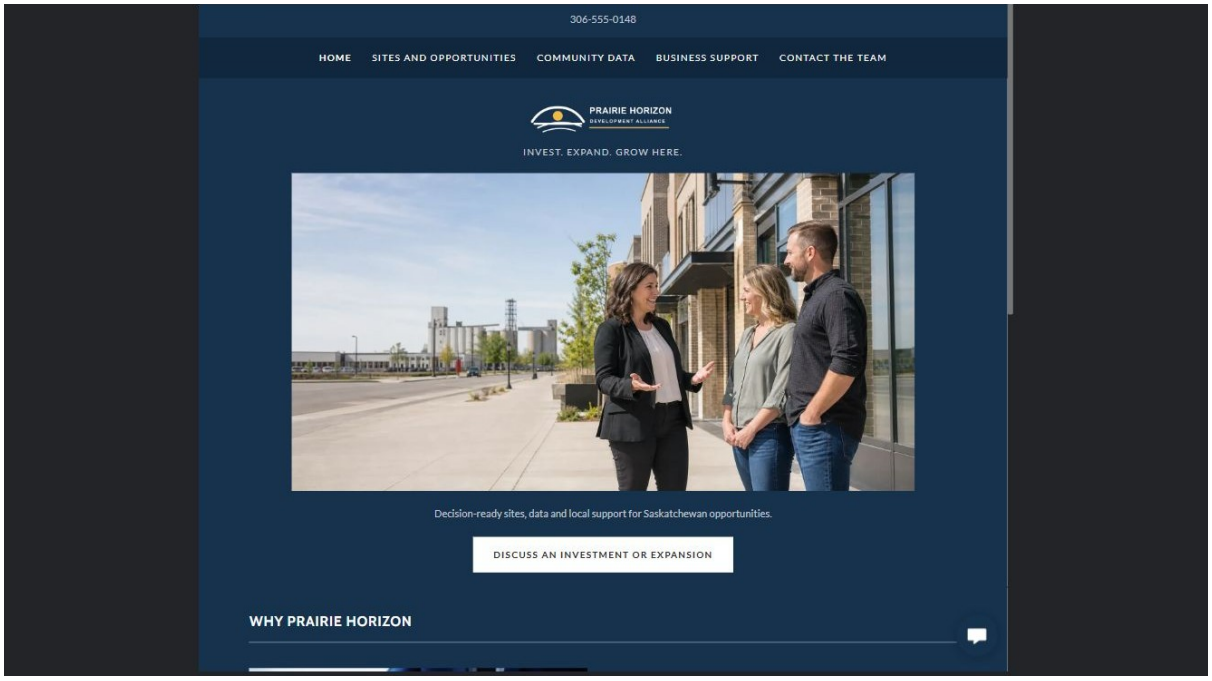

Workshop rhythm: review the example, write your draft and exchange feedback. Use the final review to choose your next changes. Website Builder and account links are on the last page.

LOOK AND LEARN

Why invest here

The job of this page

Summarize the location advantage with evidence, priority sectors, infrastructure, workforce, and market access.

Demo text example

INVEST. EXPAND. GROW HERE.

Decision-ready sites, data and local support for Saskatchewan opportunities.

Pause and plan

Could a first-time visitor explain what you do and who it is for after one glance? Choose one main action and the strongest truthful detail that gives them confidence to continue.

WRITE YOUR PAGE

Why invest here

Write for your visitor. Be specific about what they need to know and what happens next. You can revise the wording after the workshop.

Sample wording to adapt

Explore a potential location

Review the property details, servicing, access and named contact. Ask the team to confirm current availability and constraints before relying on a listing. A featured opportunity is not an offer or approval.

Pause and plan

What question brings a visitor to this page? List the details they need, the evidence you can provide and the next useful action. Remove content that does not help them decide or proceed.

Business support

The job of this page

Explain permits, incentives, financing referrals, startup resources, and the organizations involved.

Prairie Horizon Development Alliance example | Explore SaaSTech Servers Website Builder

Sample wording to adapt

Find the next useful connection

Describe your expansion or startup plans so the team can identify relevant contacts and programs. Eligibility, approvals and funding are determined by the responsible organizations, not by a website enquiry.

Pause and plan

Who is each option for, what does it include and where are its limits? Describe the information needed to check fit. Make the next step clear without promising an outcome before assessment.

Sample wording to adapt

Discuss an investment or expansion

Share the project type, general location needs and approximate timing. Keep commercially sensitive documents out of the initial form. The team can explain an appropriate follow-up process.

Pause and plan

What must someone provide, and what happens after they send it? Separate a request from a confirmed booking, order or place. Decide what information should stay out of a public form.

WORKSHOP CLOSE

Review and next steps

Ask a partner to read your draft as a first-time visitor. Can they explain what you offer, who it is for and the next step without extra help?

Before you publish

[ ] Every page has a clear purpose and a useful next step.

[ ] Headlines are specific and the wording sounds like your business.

[ ] Names, service areas, prices, dates and policies have been checked.

[ ] Credentials, testimonials and results are genuine and permission-cleared.

[ ] Photos support the text, do not repeat needlessly and have appropriate permissions.

[ ] Forms ask only for necessary information and explain what happens next.

[ ] Links, downloads and the main visitor task work on a phone.

The most useful feedback from your workshop partner

First change to make and who will do it

Information or photographs still needed

Target review date and who will approve the final content

Keep sensitive customer, patient, employee and payment information out of this workbook. Completing it does not publish a website or connect to Website Builder.
