Getting started with SaaSTech Servers

Create your free account before contacting support. Keep the detachable record private.

1 Create or sign in to your account

Use an email you can access and follow the secure account prompts. No purchase is required.

2 Keep your customer number and call-in PIN ready

Support may ask for both during a call you initiated through verified Contact Us.

3 Enable two-step verification

Have your registered phone or authenticator device with you when calling SaaSTech Servers; you may need it to sign in or verify the account yourself.

Create My Account | saastech.net/create-account

Contact Us	Account Learning Centre	Delegate access playlist

On Contact Us, check your language/region and currency settings, then use the local contact number shown there.

The Account Learning Centre covers setup and delegation for Website Builder and other services. Choose Work with delegates.

Update your call-in PIN at pin.saastech.net or in My Account after signing in.

Never share your account password or call-in PIN with someone helping manage your services. Each helper should create their own SaaSTech Servers account and receive only the delegated permissions they need. Review purchase/payment and account-security permissions carefully.

For official support, give the call-in PIN only during a call you initiated through verified Contact Us. Never share passwords, sign-in verification codes or recovery codes.

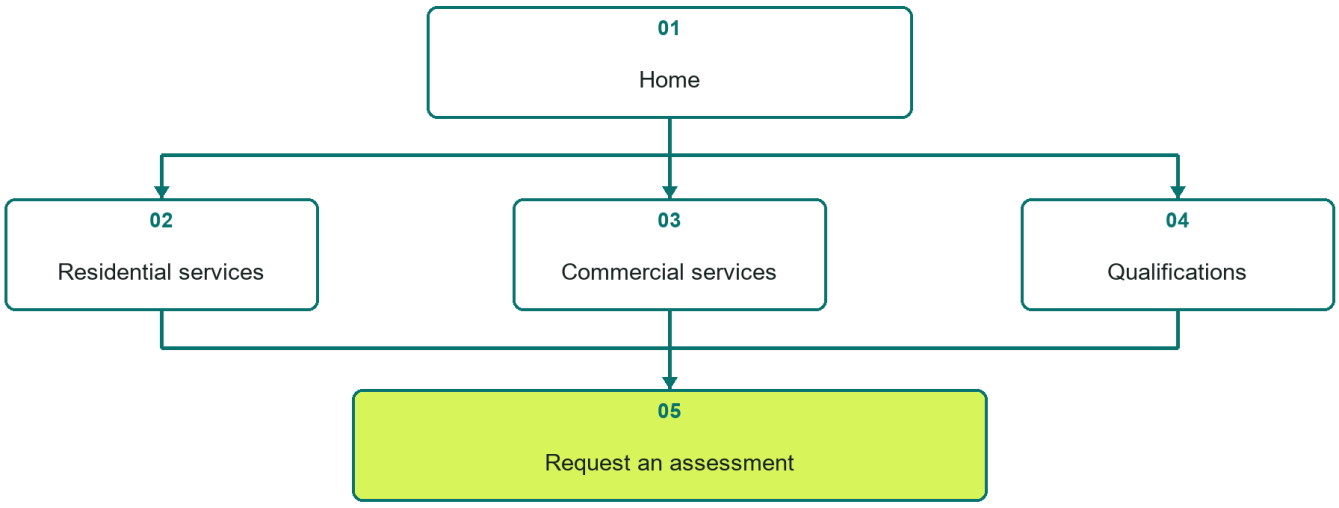

Do not record passwords, verification/recovery codes, security answers or payment details here. Keep this card safe and cut or tear it out before sharing the workbook.

Use a secure password manager for passwords and recovery information.

WEBSITE PLANNING WORKSHOP

Electricians
Website workbook

Plan a clear website for electricians. Explore a worked example, shape your own message and prepare to build with SaaSTech Servers.

Your recommended pages at a glance

Inside this workbook

Five page examples • Practical writing exercises • A launch review

Use it in a workshop or at your own pace. Write by hand or complete the response fields in Word. The final page links to Website Builder, plans and account signup.

Example business Prairie Current Electrical

ELECTRICIANS

Your website brief

A SaaSTech Servers workshop for electricians. Plan your website, learn from the Prairie Current Electrical example and draft content for your own business.

Each page has a reference sheet followed by a writing sheet. Demo excerpts are labelled separately from new sample wording, which may differ from the screenshot. Click a blank response line to type; longer answers may add pages. Replace fictional details and verify every claim before publishing.

Your business or organization and workshop date

Who should visit your site and what do they need

The main action you want a visitor to take

What you offer and where or how you provide it

Facts photos and permissions to gather before publishing

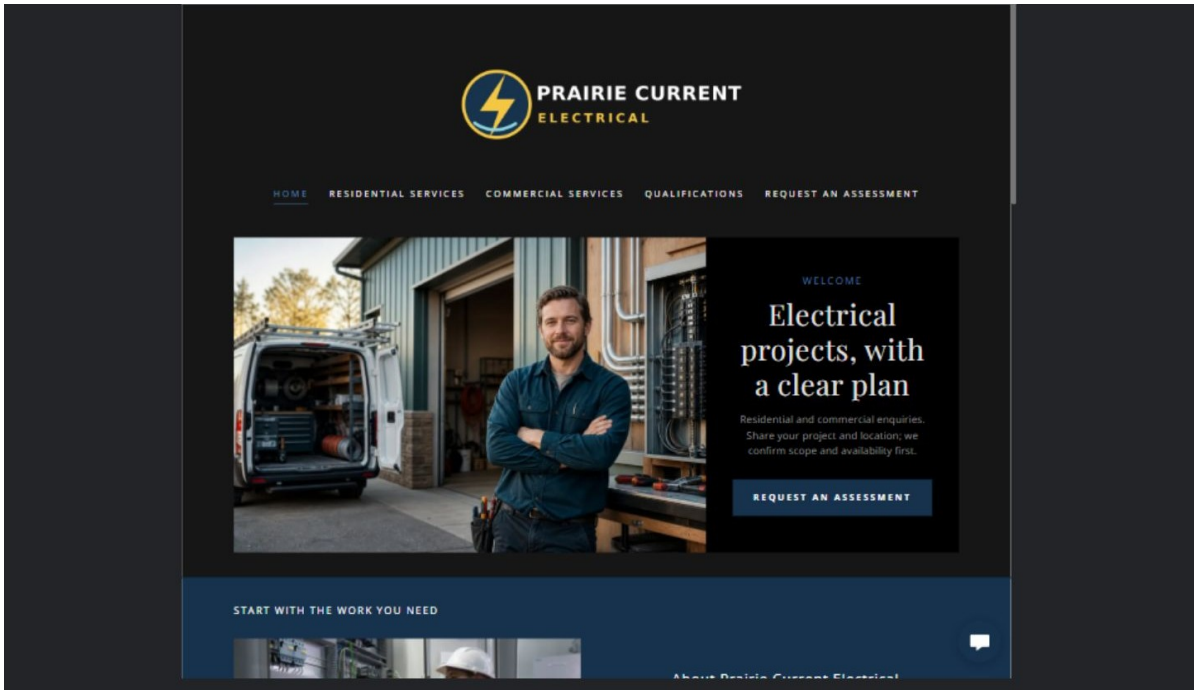

Workshop rhythm: review the example, write your draft and exchange feedback. Use the final review to choose your next changes. Website Builder and account links are on the last page.

LOOK AND LEARN

Home

The job of this page

Identify the customer types served, geographic area, and primary assessment action.

Prairie Current Electrical example | Explore SaaSTech Servers Website Builder

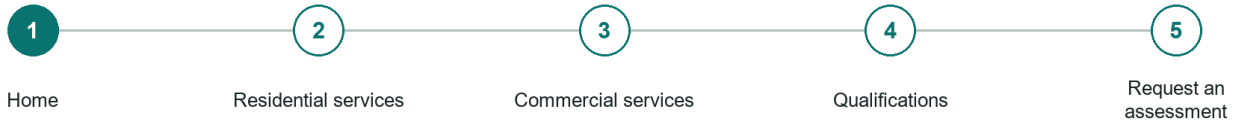

Sample wording to adapt

Electrical projects with a clear plan

Explore residential and commercial electrical services. Describe your property, proposed work and preferred timing. The contractor will confirm assessment, scope and availability before arranging the work.

Pause and plan

Could a first-time visitor explain what you do and who it is for after one glance? Choose one main action and the strongest truthful detail that gives them confidence to continue.

WRITE YOUR PAGE

Home

Write for your visitor. Be specific about what they need to know and what happens next. You can revise the wording after the workshop.

Sample wording to adapt

Residential electrical enquiries

Tell us the work you are planning, the property type and preferred timing. The business will confirm what assessment is needed before agreeing scope, price or dates. Do not attempt electrical work based on this website example.

Pause and plan

Who is each option for, what does it include and where are its limits? Describe the information needed to check fit. Make the next step clear without promising an outcome before assessment.

Commercial services

The job of this page

Describe project capacity, maintenance work, and how commercial enquiries are assessed.

Prairie Current Electrical example | Explore SaaSTech Servers Website Builder

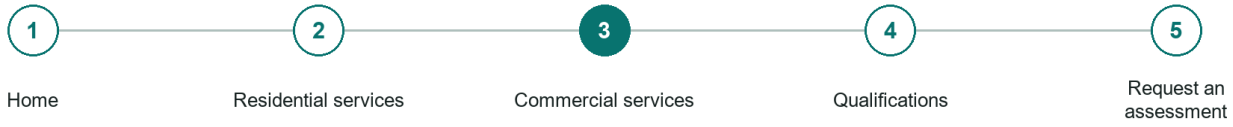

Sample wording to adapt

Plan work around your business

Describe the premises, proposed work and any access or operating-hour constraints. Discuss assessment, coordination and scheduling with the contractor before committing to a project.

Qualifications

The job of this page

Publish verifiable licensing, insurance, safety training, and relevant experience.

Prairie Current Electrical example | Explore SaaSTech Servers Website Builder

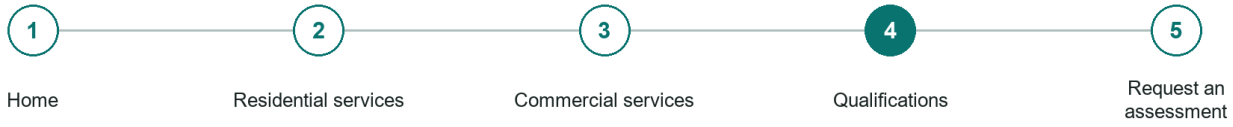

Sample wording to adapt

Ask about the people doing the work

Confirm current licensing, insurance and relevant experience directly with the contractor. This fictional example does not claim credentials. Publish only qualifications and project evidence that can be verified.

Pause and plan

Which names, roles and qualifications can you verify? What would help a visitor feel comfortable contacting you? Obtain permission for portraits and describe actual experience without unsupported claims.

Request an assessment

The job of this page

Collect property type, location, project description, timing, and contact details.

Prairie Current Electrical example | Explore SaaSTech Servers Website Builder

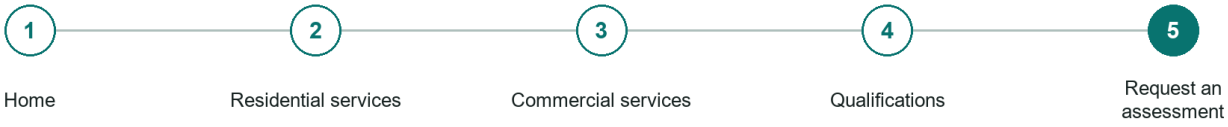

Sample wording to adapt

Request an assessment

Share your community, property type, proposed work and preferred contact method. The next conversation will establish scope and assessment arrangements. A request does not confirm a price or appointment.

Pause and plan

What must someone provide, and what happens after they send it? Separate a request from a confirmed booking, order or place. Decide what information should stay out of a public form.

WORKSHOP CLOSE

Review and next steps

Ask a partner to read your draft as a first-time visitor. Can they explain what you offer, who it is for and the next step without extra help?

Before you publish

[ ] Every page has a clear purpose and a useful next step.

[ ] Headlines are specific and the wording sounds like your business.

[ ] Names, service areas, prices, dates and policies have been checked.

[ ] Credentials, testimonials and results are genuine and permission-cleared.

[ ] Photos support the text, do not repeat needlessly and have appropriate permissions.

[ ] Forms ask only for necessary information and explain what happens next.

[ ] Links, downloads and the main visitor task work on a phone.
