Sample wording to adapt

Choose the right appointment

Start with a consultation if you are unsure which service fits. Bring inspiration and describe your everyday hair routine. Confirm the service, duration and price with the salon before booking.

Pause and plan

What is included and what needs separate confirmation? Make quantities, timing, exclusions and price conditions understandable. Avoid implying that an example price or image guarantees availability.

Appointments

The job of this page

Ask for name, contact details, service interest, preferred stylist and timing. State whether this is a request or confirmed booking. Do not collect sensitive health details through a general form.

Prairie Edit Hair Studio example | Explore SaaSTech Servers Website Builder

Sample wording to adapt

Tell us what you have in mind

Include your service interest, preferred stylist and a few suitable times. The salon can then confirm the duration and price. A request is not a booking; this fictional example does not take real appointments.

Pause and plan

What must someone provide, and what happens after they send it? Separate a request from a confirmed booking, order or place. Decide what information should stay out of a public form.

WORKSHOP CLOSE

Review and next steps

Ask a partner to read your draft as a first-time visitor. Can they explain what you offer, who it is for and the next step without extra help?

Before you publish

[ ] Every page has a clear purpose and a useful next step.

[ ] Headlines are specific and the wording sounds like your business.

[ ] Names, service areas, prices, dates and policies have been checked.

[ ] Credentials, testimonials and results are genuine and permission-cleared.

[ ] Photos support the text, do not repeat needlessly and have appropriate permissions.

[ ] Forms ask only for necessary information and explain what happens next.

[ ] Links, downloads and the main visitor task work on a phone.
